Measurable economic goals

Who are the participants/beneficiaries of the project? How many people will you reach?

Sustainable impact after the completion of the project

Which other organizations work in the same area/region? Which ones do you work with?

## Financials

Total budget in CHF

Three most important budget items

Status of additional applications for financial support with other organizations

What contributions (financial or other) will be made by the applicants and/or beneficiaries?

Who is the independent auditor of your organization (including contact information)?

Enclosures, additional information and remarks

Detailed budget	Brief project documentation and other enclosures	Accreditations/certifications of your organization	Comments on the agro-ecological criteria
Additional remarks	Bank details		
		Account details (IBAN no.)	

Data Privacy

Documents with personal information

☒ By submitting the application, I confirm that we comply with the provisions regarding data protection.

All project participants whose personal information ([GDPR definition link](#)) is submitted with the application must explicitly give their consent. Please use the «Save and continue later» button below to get a link that you can share with your team members. They can then upload their own documents and enter their name and consent. Following this, you will be able to submit the full application.

CV / Personal information: short versions please

Consent of the persons whose CVs were uploaded

Terms and conditions for the use of documents containing personal information for application purposes

☒ I explicitly allow the «Stiftung Drittes Millennium» the use of my personal information within the context of this project.

I state that

1) I am aware that my CV and/or other personal information has been submitted as part of this request for funding to the Stiftung Drittes Millennium,

2) I approve of the Stiftung Drittes Millennium using my personal information provided for the sole purposes of evaluating this request for funding and future reference to the project for which the funding is requested, and

3) I give the Stiftung Drittes Millennium right to, without asking for further consent, pass this information on to select third parties for the sole purposes of evaluating this request for funding or assisting the Stiftung Drittes Millennium in maintaining proper records of this request for funding.

The Stiftung Drittes Millennium will ensure that appropriate measures and practices are in place to keep the personal information confidential and that any third parties this information is shared with for the purposes described above will also have appropriate measures and practices in place to keep the personal information confidential.

At any time the signee may require in writing a copy of the personal information they have provided the Stiftung Drittes Millennium or correction or deletion of their personal information.

Closing section

Electronic signatures / acknowledgment

☒ The signees have understood that any taxes charged on any contributions (such as VAT) must be paid by the applicant's organization.
